

Small Wind Turbine LINKS table

<i>Site Owner</i>	<i>Short description</i>	<i>Language</i>	<i>Electronic address</i>
GENERAL INFORMATION SITES			
LES COMPAGNONS D'ÉOLE	Non-profit association's website. Very clear and well organised. Many references.	German English French Dutch	http://users.swing.be/compagnons-eole/
DANISH WIND INDUSTRY ASSOCIATION	Probably the best general information website dedicated to wind energy. A lot of relevant information and a long list of complimentary links.	Danish English	http://www.windpower.org/
EcoBusinessLinks	Environmental Directory. Tabulates 140 world wind energy dedicated associations	English	http://www.ecobusinesslinks.com/wind_energy_association.htm
ENERGY SAVING TRUST	This document, even specific to United Kingdom SWT applications, includes very easy to use best practice information; very valuable in any place in the world.	English	http://www.est.org.uk/
EOLE	General information site, dedicated to French speaking people.	French	http://www.eole.org/
National Wind Technology Center	All information about wind development in USA with very well documented dedicated parts for Small Wind Turbines application.	English	http://www.nrel.gov/wind/
WindWorks.org	This is the website handled by a seasoned expert in Small Wind Turbines: Paul GIPE. The site is dedicated to SWT with test results, etc. Very interesting	English	http://www.wind-works.org/
WIND ENERGY RESEARCH INSTITUTIONS			
Energy Research Centre of the Netherlands, ECN	Wind Energy Department	English Dutch	http://www.ecn.nl/

SWIIS (Small Wind Industry Implementation Strategy) Consortium

RISØ National Laboratory, Wind Energy Department	Lot of information, on line data about many meteorological stations. Wind resource assessment	Danish English	http://www.risoe.dk/vea/
Delft University of Technology	Section Wind Energy	English Dutch	http://www.windenergy.citg.tudelft.nl/
WIND ENERGY ASSOCIATIONS			
ANEV, Italy	Associazione Nazionale Energia del Vento	Italian	http://www.anev.org/
AWEA, USA	American Wind Energy Association. Gives special care to information about SWT	English	http://www.awea.org/
APPA, Spain	Asociación de Productores de Energías Renovables	English Spanish	http://www.appa.es
IG WINDKRAFT	Austrian Wind Energy Association	German	http://www.igwindkraft.at
AusWEA	Australia Wind Energy Association	English	http://www.auswea.com.au/
BWE	Bundesverband WindEnergie e.V.	English German	http://www.wind-energie.de
BWEA	British Wind Energy Association	English	http://www.bwea.com/
CANWEA	Canadian Wind Energy Association.	English French	http://www.canwea.ca/
EWEA	European Wind Energy Association. A lot of information mainly dedicated to Utility scaled wind turbines	English	http://www.ewea.org/
EWPA	Estonian Wind Power Association	English Estonian	http://www.tuuleenergia.ee/
FEE	France Énergie Éolienne. One of the two French Wind Energy Associations. Mainly acting as lobby group in the field of Utility scaled wind turbines	French	http://www.fee.asso.fr
FWEA	Finnish Wind Energy Association	Swedish	http://www.vindkraftforeningen.fi/
FWPA	Finnish Wind Power Association	English Finnish Swedish	http://www.tuulivoimayhdistys.fi/
IWEA	Irish Wind Energy Association	English	http://www.iwea.com/
InWEA	Indian Wind Energy Association	English	http://www.inwea.org/
NWEA	Nederlands Wind Energie	Dutch	http://www.nwea.nl/

SWIIS *(Small Wind Industry Implementation Strategy)* Consortium

	Associatie		
NZWEA	New Zealand Wind Energy Association	English	http://www.windenergy.org.nz/
PEE	Plataforma Empresarial Eolica	Spanish	http://www.plataformaempresariaeolica.com/
SER	Syndicat des Énergies Renouvelables. The second French Wind lobby group	French	http://www.enr.fr/
SUISSE ÉOLE	Swiss lobbying group for wind energy	Deutsch French	http://www.suisse-eole.ch/
WIND RESOURCE ASSESSMENT			
EQUIPMENT FOR DATA COLLECTION			
AMMONIT Messtechnik	Meteorological measurement equipment, among which Wind data loggers, etc.	Deutsch English	http://www.ammonit.de
EKOPOWER	Data loggers - Wind & Weather Stations - Monitoring Systems	Dutch English	http://www.ekopower.nl/
NRG Systems	NRG Systems is among the biggest companies selling wind measurement equipment. Tariffs are given.	English	http://www.nrgsystems.com/
SECONDWIND	Wind data loggers Tariffs are given.	English	http://www.secondwind.com/
Vector Instruments	Meteorological measurements among which Wind data loggers, etc.	English	http://www.windspeed.co.uk/
WIND RESOURCE DATA			
RSVP	Renewables for Sustainable Village Power Wind contour maps for some countries	English	http://www.rsvp.nrel.gov/wind_resources.html
The World of Wind Atlases – Wind Atlases of the World	Very important data collection. Some data are free, others have to be paid for	English	http://www.windatlas.dk/
Sander + Partner GmbH	Realises wind analyses against payment at any place in the world	German English	http://www.sander-partner.ch/

SWIIS *(Small Wind Industry Implementation Strategy)* **Consortium**

Winddata.com	Database on Wind Characteristics. A lot of wind data gathered by this Danish organisation (RISØ & Technology University of Denmark) can be obtained against payment. Same maps can be read for free.	English	http://www.winddata.com/
